UNITED STATES MUTUAL PIANO-FORTE ASSOCIATION,

(Chart red according to Act of Legislature.)

This Association is chartered for the purpose of furnishing its members each with a Piano-Forte of the 1st class, with all the modern improvements at the cost of manufacture—to be paid for in monthly installments of \$10. All funds, as fast as received for subscriptions or otherwise, to be invested in Piano-fortes; which at least once in each month are to be distributed to such members as will pay the highest premium for possession of an instrument at once, the said premium to be paid on delivery of the Piano-forte, after which only \$10 per month will be required, until the instrument is paid for at the original cost.

Non-subscribers of the Association who wish to avail themselves of its advantages in getting its Piano-fortes can do so by paying in cash the cost of an instrument and an advance of \$10.

By the foregoing it will be seen:

1st. That you are sure of getting a first-class Piano-forte—warranted in every particular—at the lowest possible price—say at \$360, which class of instruments are generally sold at \$600.

2nd. That you can get an instrument costing \$360 at once by paying a small premium of perhaps \$20 to \$30, and the installment of \$10 per month afterwards until the \$360 is paid, which is less than an instrument of the same class can be rented.

3d. That there can be no risk, as all moneys are invested in Piano-fortes as fast as received, which are distributed to the subscribers monthly, hence it is one of the safest institutions in the country.

4th. That one-half the premium paid for the immediate possession of the instrument, will probably be sufficient to pay all expenses—office-hire—advertising—printing, and interest on money advanced, &c.

6th. That as all the funds for premiums and profits on instruments sold to non-subscribers, after paying expenses, go into the general fund—consequently, as it belongs equally to every subscriber, those who choose to wait for their instrument will receive credit for their share of said funds which will accumulate monthly until perhaps before the expiration of three years they will be entitled to an instrument at less than one half or one quarter the original cost—besides making it one of the best of investments for small sums—as the shares will increase from 10 to 15 per cent. annually—a large interest—and rendering them always saleable.

Subscription books are open at the Office of the Association, Nos. 1 and 2 CLINTON HALL, Astor Place, and Eighth Street.

The Managers have permission to refer to the following highly respectable gentlemen and mercantile firms in this City—which they trust will be a sufficient assurance of their honor and integrity in conducting the interests of the Association.

GROVESTEE & CO.,
PIANO-FORTE MANUFACTURERS,
 499 BROADWAY, NEW YORK.

The attention of the public and the trade is invited to our NEW SCALE SEVEN OCTAVE ROSEWOOD PIANO-FORTES, which for volume and purity of tone are unrivalled by any hitherto offered in this market. They contain all the modern improvements, French, grand action, harp pedal, iron frame, over-strung bass, etc., and each instrument being made under the personal supervision of Mr. J. H. GROVESTEE, who has had a practical experience of over thirty years in their manufacture, is fully warranted in every particular.

THE "GROVESTEE PIANO-FORTE" received the highest award of merit over all others at the Celebrated World's Fair, where were exhibited instruments from the best makers in London, Paris, Germany, Philadelphia, Baltimore, Boston and New York; and also at the American Institute for five successive years, the gold and silver medals from both of which can be seen at our warerooms.

By the introduction of improvements we make a still more perfect Piano-Forte, and by manufacturing largely, with a strictly cash system, are enabled to offer these instruments at a price which will preclude all competition.

GREAT SOUL IN A SMALL BODY.

MATHUSHEK PIANOS.

By a recent invention of Mr. Frederick Mathushek (THE NEW PATENT EQUALIZING SCALE WITH LINEAR BRIDGE), the power of the Piano is so greatly increased that an instrument of little more than HALF THE USUAL SIZE, AND LESS THAN ONE-THIRD THE WEIGHT, is in tone, volume, brilliancy, and all other respects, equal to that of the best full-sized Pianos. This is demonstrated in the COLIBRI PIANO, four feet nine inches long, two feet eight inches wide, yet having seven full octaves. THE ORCHESTRAL PIANO, (ordinary size), by the same arrangement equals a Concert Grand. THE PARLOR GRAND, Harp Form, and THE CONCERT GRAND, possess qualities hitherto unattained in instruments of this class. The peculiar construction secures the greatest durability and longest continuance "in tune."

Musicians, amateurs, and those desiring to purchase, are invited to call and examine. Send for Illustrated Circular, showing the features of the invention, and the reasons for its excellence.
